REMARKS

Per a telephone call from Examiner Lam, Applicants herein submit the corrected version of the Terminal Disclaimer disclaiming the terminal part of any patent granted on the present application that would extend beyond the normal expiration of any patent granted on U.S. Application No. 10/777,940 and U.S. Application No. 10/727,920.

In the previously submitted Terminal Disclaimer and in the response filed on June 28, 2005, Applicants made a typographical error in referring to U.S. Application No. 10/779,940 instead of U.S. Application No. 10/777,940. Applicants submit this typographical error was made inadvertently and apologize to the Examiner for any confusion the error may have caused.

If the Examiner believes a telephone conference would aid in the continued prosecution of this application, the Examiner is invited and encouraged to contact Applicants' representative at the telephone number listed below.
